PROFESSIONAL SUMMARY

Startup operations and growth professional with 3+ years leading operations and growth at MechServi, a doorstep automotive service startup, taking it from concept to live operations across vendor networks, field operations, customer acquisition and B2B development. Since May 2026, independent consultant to early-stage businesses in influencer marketplaces, home services, e-commerce, digital services and training, leading project-based technology engagements (marketplace architecture, payment and wallet workflows, deployment) alongside performance marketing, WhatsApp automation and conversion-funnel design. Works directly with leadership teams and business owners to turn a business model into product requirements, growth systems, SOPs and measurable campaigns.

Leadership & Consulting
Client Management · Cross-functional Coordination · Strategic Planning · Project Management · Business Consulting · Team Leadership · Creative Direction · Digital Marketing Training

KEY ACHIEVEMENTS

MechServi 0-to-1 launch
Led a doorstep bike and car service business from idea to live operations in Lucknow: technology setup, mechanic network, booking workflow and marketing funnel.

Operating systems from scratch
Created vendor onboarding SOPs, service pricing, B2B fleet packages, subscription plans and quality-control processes for a field-service business.

Performance marketing funnels
Designed Ads to WhatsApp to booking funnels on Meta and Google Ads; an e-commerce catalogue campaign returned 1.94x ROAS (Guerdon Kicks).

Marketplace monetisation & delivery
Defined commission, wallet and payout workflows for the BlooCube influencer marketplace and coordinated its build and deployment on GitHub, Vercel and Railway.

Digital marketing curriculum
Designed a four-week, 16-session Meta Ads and Google Ads course with handbooks and hands-on campaign exercises.

Multi-sector consulting
Delivered engagements across automotive services, influencer marketing, home care, e-commerce, media and education.

PROFESSIONAL EXPERIENCE

Independent Startup, Technology & Growth Consultant | Freelance
May 2026 – Nov 2026

Independent / Remote · *Project-based engagements; titles show the role held on each, not employment.*

BlooCube | CTO / Technology Lead (project engagement)
Brand and influencer collaboration marketplace

- Contributed to product architecture and marketplace development, including brand and influencer registration, authentication and separate dashboard requirements for each side.

- Designed payment and wallet requirements and a commission-based monetisation model (10–15% platform commission proposed), with influencer withdrawal and payout workflows (₹1,000 minimum withdrawal).
- Coordinated frontend and backend implementation across GitHub, Vercel and Railway; took part in API debugging and backend integration.

SetoraHome | **Digital Growth & Marketing Consultant**
Multi-service home-care and assistance brand launching in Varanasi

- Developed the customer acquisition strategy, service positioning and marketing communication; planned Meta Ads lead-generation campaigns, local ad budgets and conversion funnels.
- Worked on WhatsApp Business setup and catalogue integration; designed lead qualification and booking workflows, follow-up SOPs and a 10-minute warm-lead response and calling process.
- Developed AI-assisted video ad concepts, storyboards and scripts, and led creative direction, Hindi voiceovers and brand consistency.

InstaBeam / Beam.Growth | **Digital Growth & Technology Consultant**
Digital marketing and technology services brand (tagline: "One Signal. Full Funnel.")

- Defined agency positioning, service lines, marketing packages and commercial pricing across website and Shopify development, Meta and Google Ads, SEO, Google Business Profile and analytics.
- Developed WhatsApp Business API automation, CRM implementation and lead-management offerings; worked on WhatsApp catalogue marketing, lead generation and full-funnel acquisition strategies.

Guerdon Kicks | **E-commerce Performance Marketing Consultant**
E-commerce brand

- Planned and managed Meta campaigns across top-of-funnel awareness, mid-funnel retargeting and catalogue sales.
- Analysed CPC, CTR, add-to-cart, checkout, purchase, spend and ROAS; investigated Pixel, purchase-event and catalogue tracking issues; delivered benchmarks and optimisation recommendations.
- Catalogue sales campaign: ₹14,497 attributed revenue on ₹7,435 spend (1.94x ROAS, 2.25% CTR), within ₹16,151 total reported spend across all campaigns.

Hasiru Nidhi | **Website & Digital Product Consultant**
Company website project

- Developed website structure and contact and booking forms; coordinated frontend implementation, deployment on Vercel with GitHub version control, troubleshooting and ongoing improvements.
- Planned Supabase integration for database-backed form storage (pending as of November 2026).

Kumba Gateway | **Marketing Funnel & Growth Strategy Consultant**
Funnel strategy and design engagement

- Designed a full acquisition funnel mapping the customer journey from Meta ad to landing page, catalogue discovery, WhatsApp chatbot qualification and conversion.
- Developed landing-page content and CTA strategy, chatbot lead-qualification workflows and a retargeting and follow-up plan.

Meta Classes | **Digital Marketing Trainer & Curriculum Developer**
Practical digital advertising course

- Designed and taught a four-week, 16-session course on Meta Ads and Google Ads: Ads Manager, campaign structure, targeting, audience strategy, custom and lookalike audiences.
- Built training on catalogue advertising, local lead generation, performance analysis, optimisation and retargeting, with niche-specific handbooks and practical campaign exercises.

Additional engagements

- **No Means No (international film)**: digital marketing strategy discussions covering influencer marketing, PR and promotion (proposal stage).
- **Rashtriyebharat**: social media content and creative development.
- **Yoga / Chakra niche**: digital marketing strategy and an educational handbook.
- **Local businesses**: website strategy, lead generation, catalogue marketing and digital growth consulting.

Founder & CEO | MechServi Technology Pvt. Ltd.

2023 – Present

Lucknow, Uttar Pradesh · *Doorstep automotive service startup offering on-demand bike and car servicing (mechservi.in).*

- Led the 0-to-1 launch of the business, setting up vendor onboarding, field staff coordination, booking management and customer acquisition.
- Designed and ran performance marketing funnels on Meta Ads and Google Ads (Ads to WhatsApp to confirmed booking), optimising cost-per-lead and conversion workflows.
- Built a mechanic and service-partner network with onboarding SOPs, service pricing, B2B fleet packages and subscription plans to drive recurring revenue.
- Deployed WhatsApp Business API and CRM workflows to automate customer communication, booking reminders and post-service follow-ups, supporting retention and repeat bookings.
- Led cross-functional operations: field execution, complaint resolution, team coordination, vendor SLA management and brand communications.
- Developed B2B outreach to fleet operators, corporate accounts and local businesses to extend revenue beyond individual retail customers.
- Built the brand, website, social media presence and creative and WhatsApp campaigns in-house with a consistent identity.

Growth & Digital Marketing Consultant | Independent / Freelance

2022 – 2023

Remote

- Managed Meta Ads and Google Ads campaigns for SME clients across services, retail and e-commerce, focused on improving ROAS and lead volume.
- Built and launched Shopify stores from scratch (product setup, payment integration, theme customisation, initial SEO), helping offline businesses open online revenue streams.
- Developed conversion funnels (awareness to lead capture to purchase) for service businesses and coached clients on WhatsApp outreach and follow-up.
- Delivered SEO, campaign analytics reporting and social media growth strategies for clients in real estate, education and local services.
